PLANT GUIDE AND CATALOG 1959 OUR 31ST YEAR

ORIENTAL MAGNOLIAS

Hardest, most showy of flowering trees. Bloom in spring before the handsome foliage appears. Can be grown as a large bush or a small tree to 20 feet. Nothing more spectacular in the spring garden.

Pink Saucer Magnolia

FT-24 (Magnolia Soulangeana)

5 years old, 18-24 inches tall

\$1.89 each 3 for \$5.50

Purple Saucer Magnolia

FT-25 (Magnolia Soulangeana Nigra)

5 years old, 18-24 inches tall

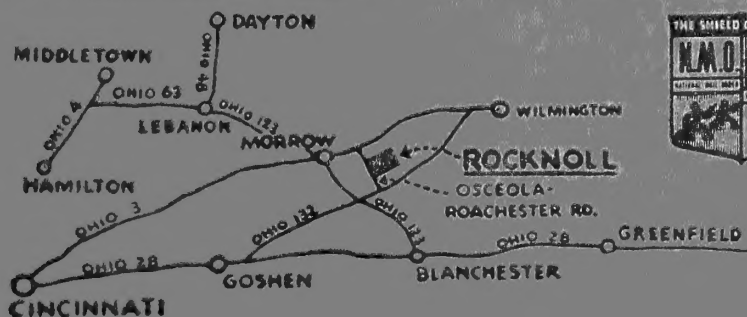

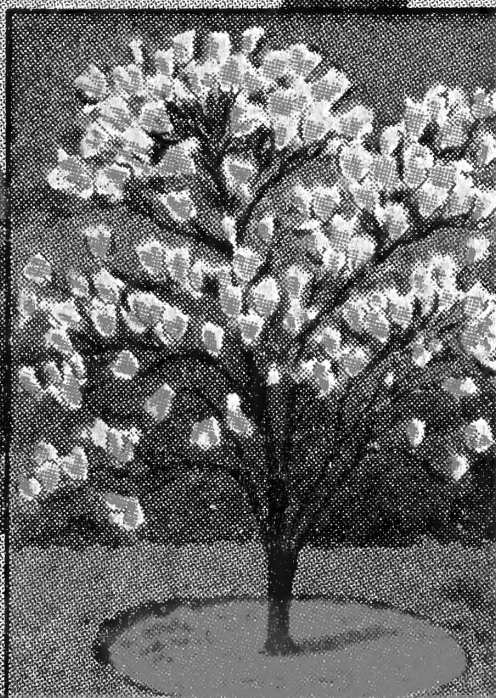

\$2.00 each 3 for \$5.75

Both these varieties bloom in early spring with large saucer shaped flowers 6 inches or more across. Oriental magnolias will thrive in any section where peaches will grow.

Special 2 GIANT FLOWERED MAGNOLIAS

1 Pink, 1 Purple as described above only

OUR NURSERY—NOTE GREENHOUSES AND GROWING FIELDS

Rocknoll Nursery, started in 1928 at Foster, Ohio with 5 acres of ground, is today located at Morrow, Ohio with some 40 acres under cultivation, raising trees, shrubs, perennials, hardy mums, pansies, etc. Our equipment includes greenhouses, cold storage facilities and sufficient irrigation system to assure proper plant growth.

Our organization includes many men and women well experienced in growing and shipping plants to all parts of the country. Address any questions to Rocknoll's owners and managers, Belden Saur, or Eleanor Saur, our Garden Market manager, Joe Fahrnbach, or our Field Grower, Louis Saur, Office Mail Order director, Dorothy Saur.

ORDER FROM THIS CATALOG IN ONE OF TWO WAYS

1. Mark such items as interest you, come to our country garden market and pick them up.
2. **ORDER BY MAIL.** Select the plants and bulbs you wish, enter them with their catalog numbers on the order blank (page 47) and mail them as soon as possible. Our guarantee assures you full inspection of any plants shipped to you.

NURSERY CASH & CARRY ORDERS AT ROCKNOLL'S COUNTRY GARDEN STORE

We will be open daily including Saturday and Sunday from Feb. 16th, 1959 thru June 15th, 1959.

From June 16th to Aug. 24th, open daily only, 8 a.m. to 5 p.m., closed Saturdays and Sundays so we can have a bit of vacation ourselves.

From Aug. 24th till Nov. 16 open daily, Saturdays and Sundays 8 a.m. till dark.

AT THE NURSERY we have many larger size trees and shrubs often balled and burlapped which cannot be shipped because of excessive size or weight.

Please visit us whenever you can and see our fields of growing plants, trees and shrubs. We are especially proud of our propagating facilities where hundreds of thousands of young trees, shrubs and flowers are started.

ON MAIL ORDERS

TIME OF DELIVERY—Please specify the earliest date you want your plants, on space provided on order blank. We will do our very best to deliver them when you say.

POSTAGE AND HANDLING CHARGES. To help cover postage and packing costs we must ask you to add 35c service charge to all orders large or small. Costs above this 35c we will assume.

HOW TO REMIT. Please send your personal check or money order with order blank. We do not recommend sending CASH thru the mails.
C.O.D. If you wish, we will ship C.O.D., but remember this will cost you about 50c or more for actual government charges for C.O.D. package.

BE SURE TO SEE PAGE 46 FOR FREE PLANTS AND MONEY-SAVING PREMIUMS.

HARDY PERENNIAL FLOWERS

Rocknoll is located 22 miles north of the Ohio River in southwestern Ohio. We have severe cold winters often without a protecting snow blanket and hot dry summers. Temperatures range from 20 degrees below zero F. in winter to 100 degrees in the shade in summer. We have periods of heavy rainfall and periods of drought just the same as you do.

Our soil while very fertile and productive is only good farm land used for growing corn before we took it over. We do not have deep black celery soil or sandy old lake bottoms to force fast growth on plants that often fail to hold up when moved to your garden soils.

**ROCKNOLL'S PLANTS WILL GROW FOR YOU AS THEY ARE ALL
2 YEARS OLD. MOSTLY FIELD GROWN, SOME POTTED FOR BETTER TRANSPLANTING.**

ROCKNOLL GIANT LONG SPURRED COLUMBINE

P17A

Superb strain of giant flowered varieties in every shade and color blend to be found in Columbine. Stems are all long and graceful; flowers abundant on stems. The best Columbine to transplant are these sturdy field-grown plants, as they have the vigor of their first full flowering period just ahead of them.

SPRAYING FRUIT

To be successful all fruit trees must be sprayed. Your State Department of Agriculture will be glad to furnish you with the proper spraying program for your particular locality.

Please write to them and request such information.

PLANTING & FERTILIZING FRUIT TREES

Most any good soil is suitable for fruit trees. For success, select a well drained location where water will not stand summer or winter. Dressing of well-rotted manure and regular feedings with a complete plant fertilizer after the first year are greatly beneficial.

GROUP FR60 HOME DWARF FRUIT ORCHARD

NOTE

Fruit trees are dwarfed by grafting and budding on slow maturing root stocks. Be sure the top graft or bud—identified by a slight bulge or crook—is planted at least 1 to 2 inches above ground level. If this is not done, the desired variety will produce its own roots and will no longer be dwarfed.
